

August 24, 2009

Dear Potential or Current Business Partner:

My name is Barry Kyrklund and I am a teacher at Dacula Middle School. As a part of my responsibilities this year, I am in charge of DMS Business Partners. In that role, I would like for you and your business to become a part of a very important function, namely, educating our young people. I am sure you would agree that education should be a top priority for all of us.

Over the past few years, funds available for our school have decreased, while the needs continue to increase. This is where you can help us. Whether your contribution is large or small, all are needed. In return for your help, we will provide free advertising on our school web site which is viewed by hundreds of parents, teachers, and students daily. Some of the ways that you could help are as follows:

1. On Sept. 10, 2009, we will announce our Teacher of the Year and two runner ups. Prizes are needed for these top notch teachers. Perhaps your business can donate gift cards, VIP passes, monetary funds, or something else.
2. Each year, toward the end of the year, we hold our annual Career Fair and would love for your organization to be represented to speak with our students about what it would take to become a member of your organization or business (educational requirements) and what your business or organization does. Our entire student body attends the fair during this one special day.
3. Maybe your business or organization could provide incentives for our students. We provide these to students for making good grades, having high scores on standardized testing, even for being present at school on a regular basis.

If you think this is something your business or organization would like to be involved in please send me the following information:

Your name _____ Contact number _____

Business/organization name _____

Business address _____

Business phone number _____

Please describe how you might be willing to help:

If you have questions or would like to speak with me you can reach me at school at 770-963-1110 or e mail me at barry_kyrklund@gwinnett.k12.ga.us

Thanks for joining us to educate our young people. The future awaits!

Sincerely,

Mr. Barry Kyrklund
